*Grant Guidelines:*

Applying for the Active Learning Grant does not automatically award your school a grant. Applicants are reviewed on a first come, first served basis. Funding awarded is based on your schools free and reduced lunch percentage. All applicants will be contacted about their grant submissions via e-mail.

*Please note:*

The grant does not cover the cost of transportation or the cost of parent chaperones attending field trips. The Active Learning grant will be awarded on a first come, first served basis. For partial grants, schools are responsible for the remaining balance by the respected due date. If groups cancel or reschedule within two weeks of scheduled program date, it will result in the forfeiting of the awarded grant and disqualify further funding from being awarded to that group. Also, full payment of any remaining balance will be required.

- I have read and understand the terms of the Virginia Sports Hall of Fame Active Learning Grant.
